## Rear Wheel Bearing Kit ADC48311

Date Issued: 01/05/03

It may be necessary on some vehicle fitments to re-shim the rear wheel bearing pre-load.

This is done with the use of shimming snap rings **A**, and shimming gaskets **B**.

**A**

**B**

These are not supplied in the wheel bearing kit and are not available from Blue Print.

For more information please refer to the workshop manual.

If you have any queries regarding this bulletin please contact the Blue Print Technical Department on **01622 833004**

**Disclaimer** : Any technical tips are produced in good faith. Blue Print, always recommend that vehicle maintenance and diagnostics are only carried out by suitably experienced people using appropriate tools in a safe manner within a workshop environment.
