Mitsubishi Shogun Identifying Front Brake Callipers

Date Issued: 03/02/08

This bulletin is applicable to the following Shogun model types;

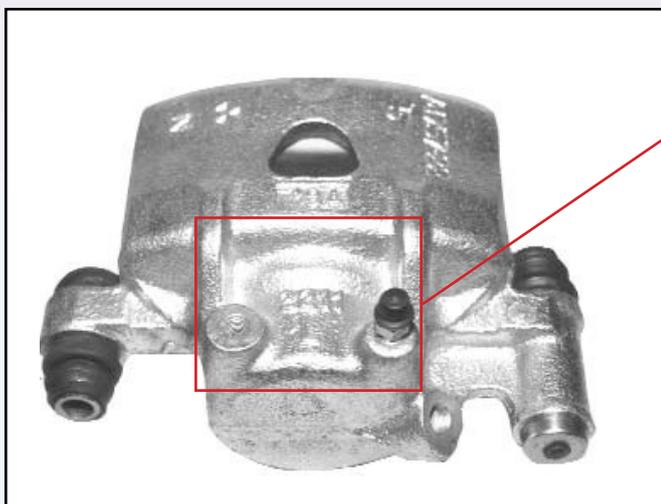

L042 - 2.6 Fd Est - SWB	L144 - 2.5DT Fd Est - SWB Intercooler
L044 - 2.5DT Fd Est - SWB	L146 - 3.0 Fd Est - V6
L047 - 2.6 Fd Est - LWB	L149 - 2.5DT Fd Est - LWB Intercooler
L049 - 2.5DT Fd Est - LWB	

In the current Blue Print application, we show a choice of front brake callipers for the Mitsubishi Shogun after the build date June 1987 (see example from Blue Print LIVE! below).

To obtain the correct part, the casting number must be taken from the original callipers, and matched against those printed next to the Blue Print part number in the current catalogue information. The casting number is on the outside of the body, next to the bleed screw (see diagram)

Blue Print Part Number	Casting number	Blue Print Part Number	Casting number
ADC44809	2211	ADC44803	2212
ADC44810	2211	ADC44804	2212

Please note the Blue Print calliper part number will have an 'R' suffix to indicate if the unit is remanufactured.

Casting number position on calliper
