

Opel **Corsa C 2001, Astra G 1998-2001,** **Zafira 1999-2001, Vectra B 1997-2001,** **Omega B 1998-2001, Frontera B 1999-2001,** **Sintra 1998-1999**

Diesel engine – loss of power

On above-mentioned vehicles a jerky power fluctuation or general loss of power can occur due to a water/oil-soiled or faulty air flow meter. All above-mentioned vehicles with the below listed engine codes and air flow meter with production date up to 183 (= march 2001), are affected by this (see pic). The production date can be found in the reference table below.

Motor Code / Engine code :

Y17DT, Y17DTL, X17DTL, Y20DTH,
Y20DTL, X20DTL, X20DTH, Y22DTH,
Y22DTR, X22DTH,

183 = march 2001
