

BULLETIN

Renault Trafic III 1.6 dCi

Replacing lamps Rear fog lights and back-up lights

CAUTION Risk of burns. The lamps may still have residual heat from previous operation.

Figure 1:

- Item 1 Rear fog light
- Item 2 Not assigned
- Item 3 – 4 Reversing light

Figure 1

Replacing rear fog lights and back-up lights.

To replace the lamps, proceed as follows:

- Switch off the ignition and light switch
- Open the tailgate
- Loosen and remove screws (Figure 2)
- Swivel the lamp out and remove (Figure 3)
- Loosen the plug connection (Figure 4)
- Loosen the lamp holder in a counterclockwise direction (Figure 5 / 6) and remove

Figure 2

BULLETIN

Do not touch the glass bulbs of the lamps with bare hands (use a suitable soft cloth).

- Carefully remove the defective lamp from the base holder (Figure 7) and replace with a new one (12V / W16W glass base W2 1x9 5d)
- Check function
- To fit the lamp, follow the removal steps in reverse order
- Once the lamps are fitted, check them again to ensure that they work correctly
