

## Additional wiring loom supplied with 698329

Part Number: 698329

For vehicle: Renault Megane / Scenic

The Valeo Service Technical department have received several calls stating that an additional loom has been supplied with the blower motor but customers are unsure if it is required. Blower motor 698329 has been designed to fit on multiple Renault applications where different designed wiring looms have been used on the vehicle. In this instance the wiring loom supplied in the box will be required.
